The cascade system has been hydro tested and repaired. The gas meter and Scott pack have been repaired and are back in service. The charging unit and batteries on 202 have been repaired. Will be going back to an automatic ladder response from Watch Hill. Dunns Corners will also be included depending on location of the call. New Scott air pack grant is still in the works. Would be a \$90,000.00 savings for the district. Mutual aid to other districts should include a driver and all RED TAG certified individuals. Will clarify this better with Watch Hill.
